Winery Managers Show Confidence in Hiring

Winery hiring activity ran 32% higher this May than in May 2012, setting another record for the Winejobs.com Index. The dramatically higher level of activity extended from hospitality to winemaking and sales and marketing jobs, showing that winery managers were expecting an active year in tasting rooms, cellars and outside sales.

Job Index Tallies Third Record Month in a Row

The Winejobs.com Index broke a new record in May for the third month in a row. It reached 291 points, almost three times the base index level of 100 established in January 2007, and raised the average growth rate so far this year to 28%. Tasting room jobs were the most active category.
